Spunky, athletic high school student Mano Yohko doesn't know it yet, but she's #107 in a long and venerable line of demon hunters! But after her school principal sics a monster on her in the swimming pool and she's nearly seduced by a possessed classmate, her grandmother decides it's time to bring her up in true "Mamono Hunter" style! And just in time, since it turns out that a monstrously powerful demon queen is preparing to smash her way from the next world into this one! In this continuation of the Devil Hunter series, Yoko must now face the Demon Tokima, who possesses the ability to warp the flow of time, causing Yoko and the other Devil Hunters to age and regress uncontrollably.
